

PERFECT CARE MADE EASY.

BLANCO CARE cleaning and care products.

BLANCO sink and mixer tap surfaces are resistant and attractive. To ensure that they stay that way for as long as possible, they should be cleaned and cared for on a regular basis. BLANCO CARE cleaning and care products allow you to achieve this in a lasting and sustainable way. The products are easy to use and have been ideally formulated for BLANCO surfaces.

Achieve an optimal result in just three steps:

- daily cleaning with standard household cleaning products, e. g. washing-up liquid and a microfibre cloth
- regular cleaning with DailyClean+
- deep-cleaning with special cleaners designed for specific materials, from the DeepClean range.

BLANCO CARE cleaning and care products have formulas optimally suited to BLANCO sink and mixer tap materials. All products are specially developed for BLANCO materials and undergo intensive testing by our Research and Development department.

Not in all countries available. For further information please contact your BLANCO partner.

330 **BLANCO**

The professional limescale remover DailyClean+ gently cleans all sink and mixer tap surfaces.

The Silgranit cleaning set is used for removing grease and starch deposits on Silgranit sinks and bowls. It reduces and removes discolouration, longer-lasting stains and stubborn dirt.

DeepClean Stainless Steel is used when blemishes or minor scratches on stainless steel sinks require more intensive care.

DeepClean Ceramic gets rid of grease and limescale, removes dirt and metal abrasion, and polishes and preserves the material.
