

LUNEOO FAUCET & OOVALON SINK

BLANCO

LUNEOO KEEPING IT 100

Born from our 100-year legacy, LUNEOO faucet and OOVALON sink embody unity through sculptural elegance. Where every curve and contour creates a moment of artistry and pure design expression.

OOVALON

LUNEOO FAUCET & OOVALON SINK

OOVALON SINK

- Includes an oversized round CapFlow drain cover, providing full usage of the sink
- Can be installed flushmount or undermount, a minimum 33" base cabinet is required

LUNEOO FAUCET

- Freedom to place faucet and separate control dial anywhere around the sink
- Smooth yet precise water flow and temperature control through counter-mounted dial
- 360° swivel provides ample reach, ideal for busy kitchen island
- Pull-down, dual-spray function, with a secure magnetic sprayhead holder

The LUNEOO faucet includes two base plate options for the remote faucet control handle - with one or two round holes. The single-hole base plate accommodates the faucet control, while the two-hole option is designed to accommodate both the faucet control and the BLANCO drain push control button, which is included in the accessory bundle.
